

DISCUSSION GUIDE

YOUR DIVINE NATURE

“THE QUESTION”

In last week's Life Group, we learned that people can only develop fully when they are empowered.

This week, we will continue our exploration of the principles found in the Parables—and the keys to living an empowered life.

**While the Person of Jesus opens hearts to salvation,
the principles of Jesus open the world to success and progress.**

We all need the Person, but we also need the principles He teaches to move into new levels of success, progress, and prosperity—the life of abundance Jesus came that we would have.

Jesus said, *“I came so that they might have life and have it more abundantly”* (John 10:10).
