

THE DNA OF DESTINY

DISCUSSION GUIDE

LESSON 2

PUTTING YOURSELF WHERE YOU SEE YOURSELF

Why did God instruct Abraham in the book of Genesis to “look as far as you can see in every direction” (Gen. 13:14)? Did God only want to give Abraham a glimpse of the land he would inherit, or was there more He was showing him?

There is always a promise associated with a directive, but there is also a principle we can learn that will elevate our lives. When you are able to take firm hold of the revelation—or truth—that is revealed here, your life will never be the same.

Today you will learn how to practice the art of putting yourself where you see yourself.

**If you can't see yourself beyond where you are,
tomorrow is going to look exactly like yesterday.**

PART TWO DISCUSSION GUIDE

Read Genesis 13

What does God want to give you?

Describe what we must stop listening to and why.

Discuss what we learn in this lesson about the difference between “from” versus “at.”

List some types of things that your thoughts determine.

What one thing can you change that will change everything?

What is the primary thing that limits us?

- What is the secondary thing?

Take a few moments to think about who you listen to the most.

- Why is this significant?

Discuss why you should, and how you can, create a thinking environment.

Describe what you have the power to do with your thoughts.

What you imagine will emerge.

Read Genesis 11

How do you shape your future?

- What is the stuff destiny is made of?

What one word is your mind unable register?

- Therefore, what must you determine?

Discuss the difference between memorization and imagination and why it's important.

- What is the purpose of vision?

Read Habakuk 1:5

How will God put awesome back into your life?

- Who or what is distracting you, or corroding your faith—and what will you do about it?
